

REMARKS

Claims 1 – 16, 23 – 26, and 28 are pending in the present Application and are all allowed.

The Figures have been amended to delete Figure 13. Figure 13 merely illustrated absorption of light (13A) and fluorescent emission (13B). Since the claims are clear and definite without Figure 13, and since Figure 13 is not specifically described in the Specification, it has been deleted.

No new matter has been introduced by this amendment.

Objection under 37 C.F.R. §1.83(b)

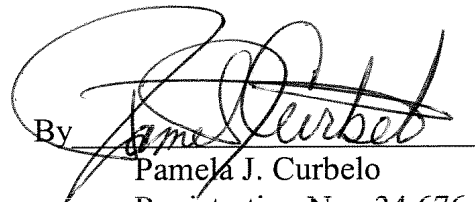

The drawings were objected to under 37 C.F.R. §1.83(b) as incomplete since Figure 13 was not described in the specification. Figure 13 has hereby been cancelled, thereby rendering this objection moot. It is noted that since Figure 13 is the only figure on the drawing sheet 13 of 13, and since Figure 13 is the last figure, it is not believed that a replacement sheet is needed; i.e., a blank replacement sheet is not needed. Reconsideration and withdrawal of the objection are respectfully requested.

It is believed that the foregoing amendment and remarks fully comply with the Office Action. Accordingly, reconsideration and withdrawal of the objection, and allowance of the case are respectfully requested.

If there are any additional charges with respect to this Amendment or otherwise, please charge them to Deposit Account No. 07-0893.

Respectfully submitted,
